Skills & Abilities

MODELING

- Enjoy working with (Autodesk) Maya and Zbrush.

ANIMATION

- Substantial understanding of lip synchronization, timed movement, and expressions (Maya).

RIGGING

- Proper rigging understanding in Maya. Experience in assembling and installing rigging gear such as cables, ropes, pulleys and winches to lift, lower, move or position machinery, structural steel and other heavy objects.

MOTION GRAPHICS

- Deep understanding of After Effects, Photoshop, illustrator and Avid. Enjoy animating, compositing graphics and creating special effects in Photoshop, After Effects, editing on Avid and Final Cut Pro.

Experience

MEDICAL REPRESENTATIVE | AVIA SPINE | 2012-PRESENT

- I am currently employed as a Medical Representative for Avia Spine. We focus on selling and developing new spine biomedical technologies. Sometimes requires me to model new instruments and implants on Maya to help the mechanical engineers have a 3D understanding of any recurring idea.

VIDEO EDITOR | DR.CHAGO | 2012

- Edited show recordings as an animated sequence to promote the show on "YouTube".
- Uploaded clips of the show and edited audio to include a better applause and opening music.
